

CROSS COUNTRY CANADA SUPPLIES & RENTALS POWER EQUIPMENT

CONSTRUCTION • MINING • PIPELINE • INFRASTRUCTURE • EMERGENCY

WACKER NEUSON 20 KW DIESEL GENERATOR LIGHT TOWERS

- Efficient and quiet generator suitable for single and three-phase power
- Ideal for construction, commercial, industrial, and special event applications
- Digital controller monitors and protects generator and engine
- Continuous operating data displayed on an easy-to-read LCD display
- Large capacity fuel tank
- Durable features contribute to a long product life

GENERAC 15 KW DIESEL GENERATOR LIGHT TOWERS

- Equipped with a durable wide-body DOT trailer for enhanced stability on rugged terrain
- Utilizes Generac G4 LED technology for maximum and efficient lighting, resulting in lower total cost of ownership
- Simple and safe design ensures reliability, ease of use, and facilitates faster servicing
- Extended run-times and reduced refueling requirements provide convenient power tailored to your jobsite and application needs

MOBILIGHT 1200 HYBRID LIGHT TOWER

- Mobilight's intelligent design ensures a safe, silent, and reliable source of brilliant LED light
- Standard configuration includes 600 watts of ultra-high efficiency lighting and 1200 watts of solar connection
- Powered by an 18 horsepower Kubota diesel engine and generator
- Hybrid unit offers 365 days of dusk-to-dawn operation, even in the most demanding conditions

POWER PACK N' PUMP

Our Power Pack n' Pump package delivers power, lighting, and pumping in one efficient solution. Perfect for civil construction, mining, and pipeline projects, it's designed for maximum performance and value. Versatile, efficient, and cost-effective—all in one package.

INCLUDES:

20KW Generator Light Tower

Ideal for off-road towing and remote locations, providing bright, reliable lighting.

2 Submersible Pumps

Perfect for dewatering and handling tough conditions.

GENERATORS

20kW to 1510kW

- Provides both portable and mounted solutions
- Capable of enduring harsh weather conditions and extended operating hours
- Suitable for diverse applications from construction sites, refineries and oilfield drilling to festivals, work camps and agriculture.
- Cables available in 50'-100' lengths and a wide range of power capacities, ensuring that we can meet any specific requirements you may have.

FUEL TANKS

1900L, 2000L, 3000L

- Guarantees secure fuel storage, particularly beneficial for remote areas.
- Serves as a dependable backup to avert fuel delivery disruptions.
- Crafted for easy on-site equipment refueling, thereby improving workflow efficiency.
- Offering both round and cube tank options.
- Features stackable and lockable designs for effortless and secure storage.

HONDA WORK/INDUSTRIAL GENERATORS

Honda generators are powered by proven 4-stroke Honda engines that don't mix oil and gas.
